FEAT

Holds at least twice as many prizes as other cranes and the (patent pending) *Always Full* feature self-adjusts the playfield level to maximize product presentation. The adjustment is invisible to the player! This is important to you because it saves you time in filling it, and the machine always looks full to the player.

In attract mode, the crane is busy picking up merchandise to attract players and fluff the merchandise. This means more profit for you.

Player Claw Control is in 4-axes (patent pending) - up/down - left/right - front/back and *claw rotation*. This gives players more control so they stay at the machine longer, increasing your profits.

Unique Air-Powered Claw (patent pending) using a pneumatic cylinder guaranteed never to wear out! Provides for smooth and controlled operation, meaning no down time for you!

2-Year "Top to Bottom...Front to Back" 5 Years warranty

43"

	SET UP	CRATED

NEED AN ELEVATOR?

SELF-ADJUSTING PRIZE LEVEL FEATURE KEEPS GAME LOOKING FULL!

This one innovative feature alone will save \$\$\$ in trips to refill the crane. Acme Crane holds more prizes, looks full longer & prizes are always fluffed!

MADE IN

FEATURES

Stepper Motor operation (patent pending) with lubricated for life ball bearings with no end-of-stroke switches required means no down time and more profit for you!

Opto-prize counter with anti-cheat software (alarm will sound if merchandise is dropped through chute other than with opening of the claw). You'll never lose money from cheaters again!

Six-point door locking mechanism and casters are standard. Your security is paramount at Benchmark!

Standard prize claw or *candy claw* are available. Your players want variety and Benchmark delivers!

Personalized "Your Name Here" marquee artwork & alternate cabinet colors available. Personalizes your arcade or game area!

Back... It's All Covered" Warranty.
